Agenda

Please note: Order of topics subject to change.

8:00 - 8:45 Registration & Breakfast

8:45 - 9:00 Welcome Address

9:00 - 9:55 Regulatory Issues for Local Health Officials

An overview on recent regulatory and policy activity at the state level and a discussion on timely environmental issues.

9:55 –10:05 Break

10:05 -11:00 21E Refresher

The Waste Site Cleanup programs oversees the assessment and cleanup of oil and hazardous materials releases—both recent spills and historic contamination - such as roadway spills, underground storage tank leaks, gas station and drycleaner groundwater and soil cleanups, and Brownfield's sites.

11:00 -11:55 Well Drillers & Geothermal.

An overview of DEP's newly acquired Well Drillers Certification Program including information on ground source heat pumps.

11:55 -1:00 Lunch

1:00 - 2:45 Title 5— Inspection Forms & Enforcement - Part 1 & Part 2

This two part presentation will include an analysis of the inspection form, what to do with a bad inspection report or inspector and what to do with 2 inspections for the same property when results are different.

2:45 - 3:40 Local Water Supply Issues

This presentation will cover various topics including boil orders, chemical safety initiatives, illegal public water supplies and regulation of bottled water.

3:40– 3:45 Wrap-up
